# Severe Service Valves

## LNG Applications

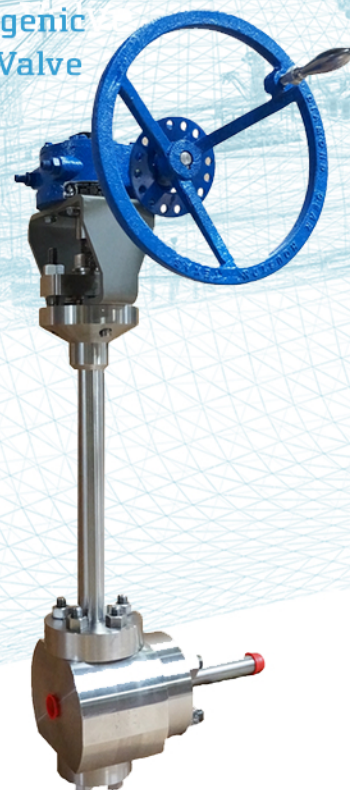

We are Latin America representatives of Cornerstone Valve, custom engineered fit for purpose valves and Rilco Manufacturing, industry leader in the innovation and development of pipe support systems. Both companies focused on the development and manufacturing of custom products to meet specific client requirements with the highest quality.

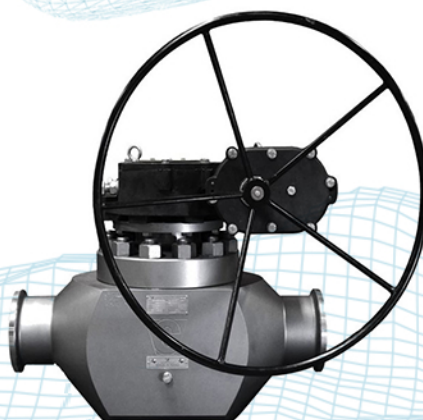

### Subsea Ball Valve

### FBC Series Cryogenic Ball Valve

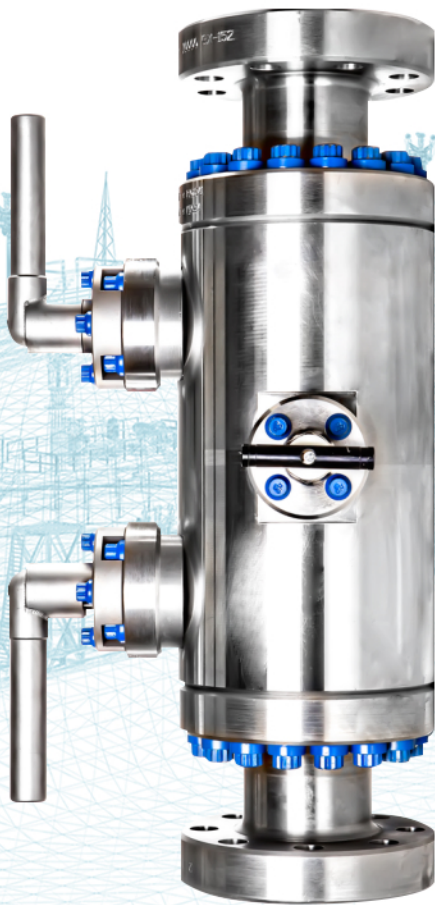

### TP1 Series Trunnion Power Valve

MADE  
IN   
USA

## BNB Series Ball Needle Ball Valves

## High-Cycle Isolation for LNG

## Natural Gas Injection Service

## Severe Service 6DSS Subsea

- Metal & Soft Seated Ball Valves
- Pressure classes 150 – 15000 Lbs
- Hyperbaric Testing
- One of only 2 U.S. manufacturers with the license to monogram API 6DSS Products

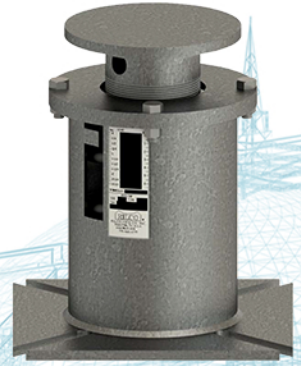

# Rilco Manufacturing

## Cryogenic Service Applications

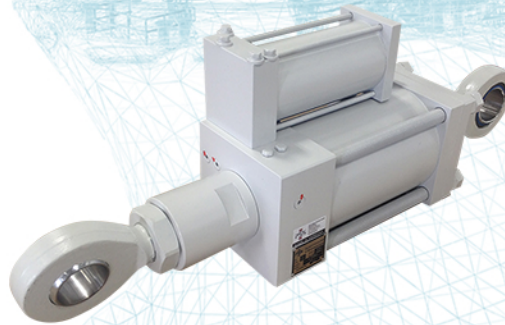

Sway Struts

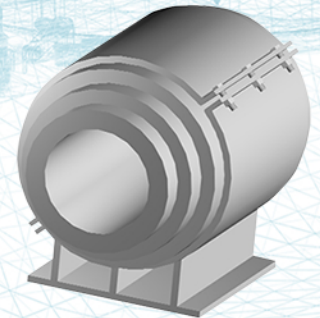

Variable Springs

Hydraulic Snubbers

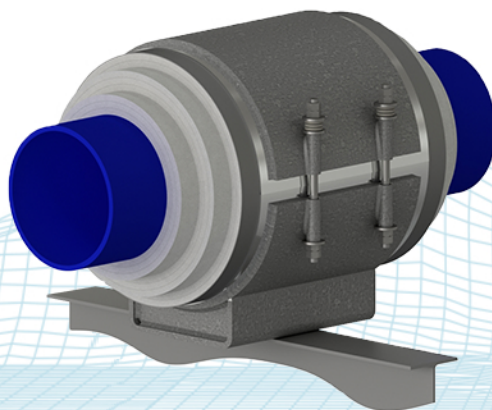

Low Temp Supports

Cam Roller Constant Springs

CryoWrap Supports

Lever Type Constant Springs

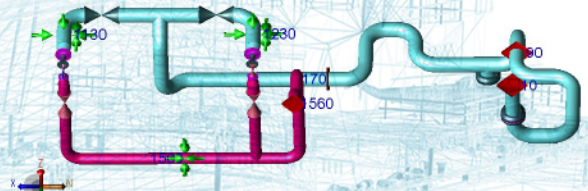

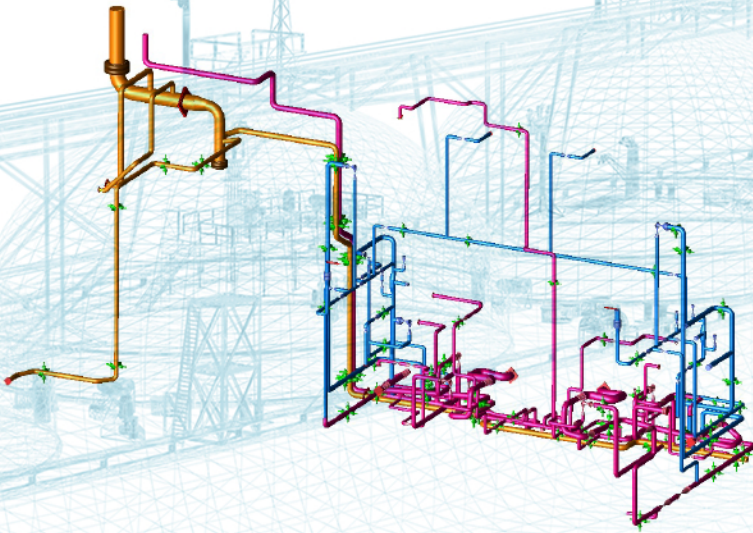

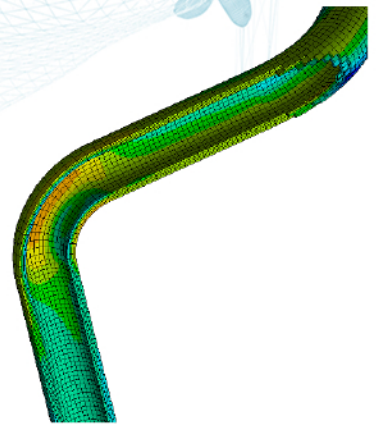

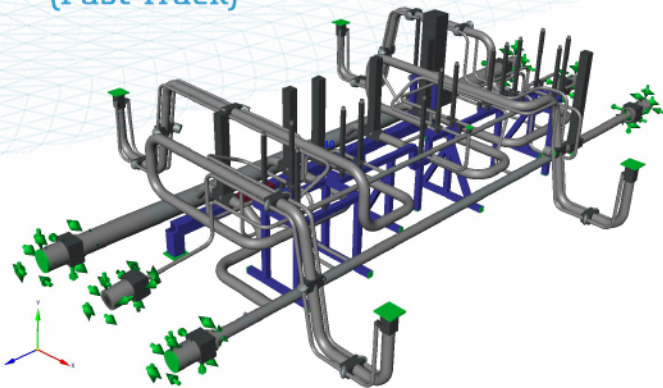

# Piping Engineering

## Numerical Analysis Services

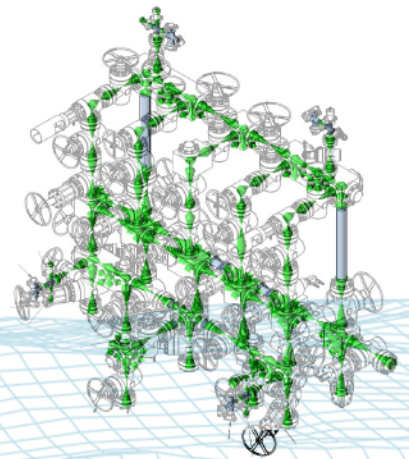

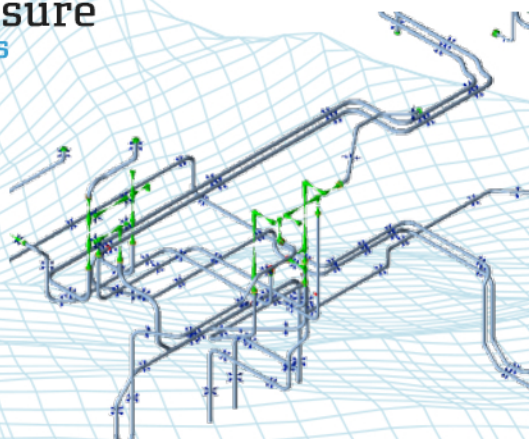

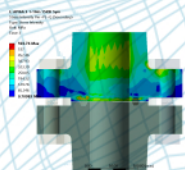

LNG  
Fuel System

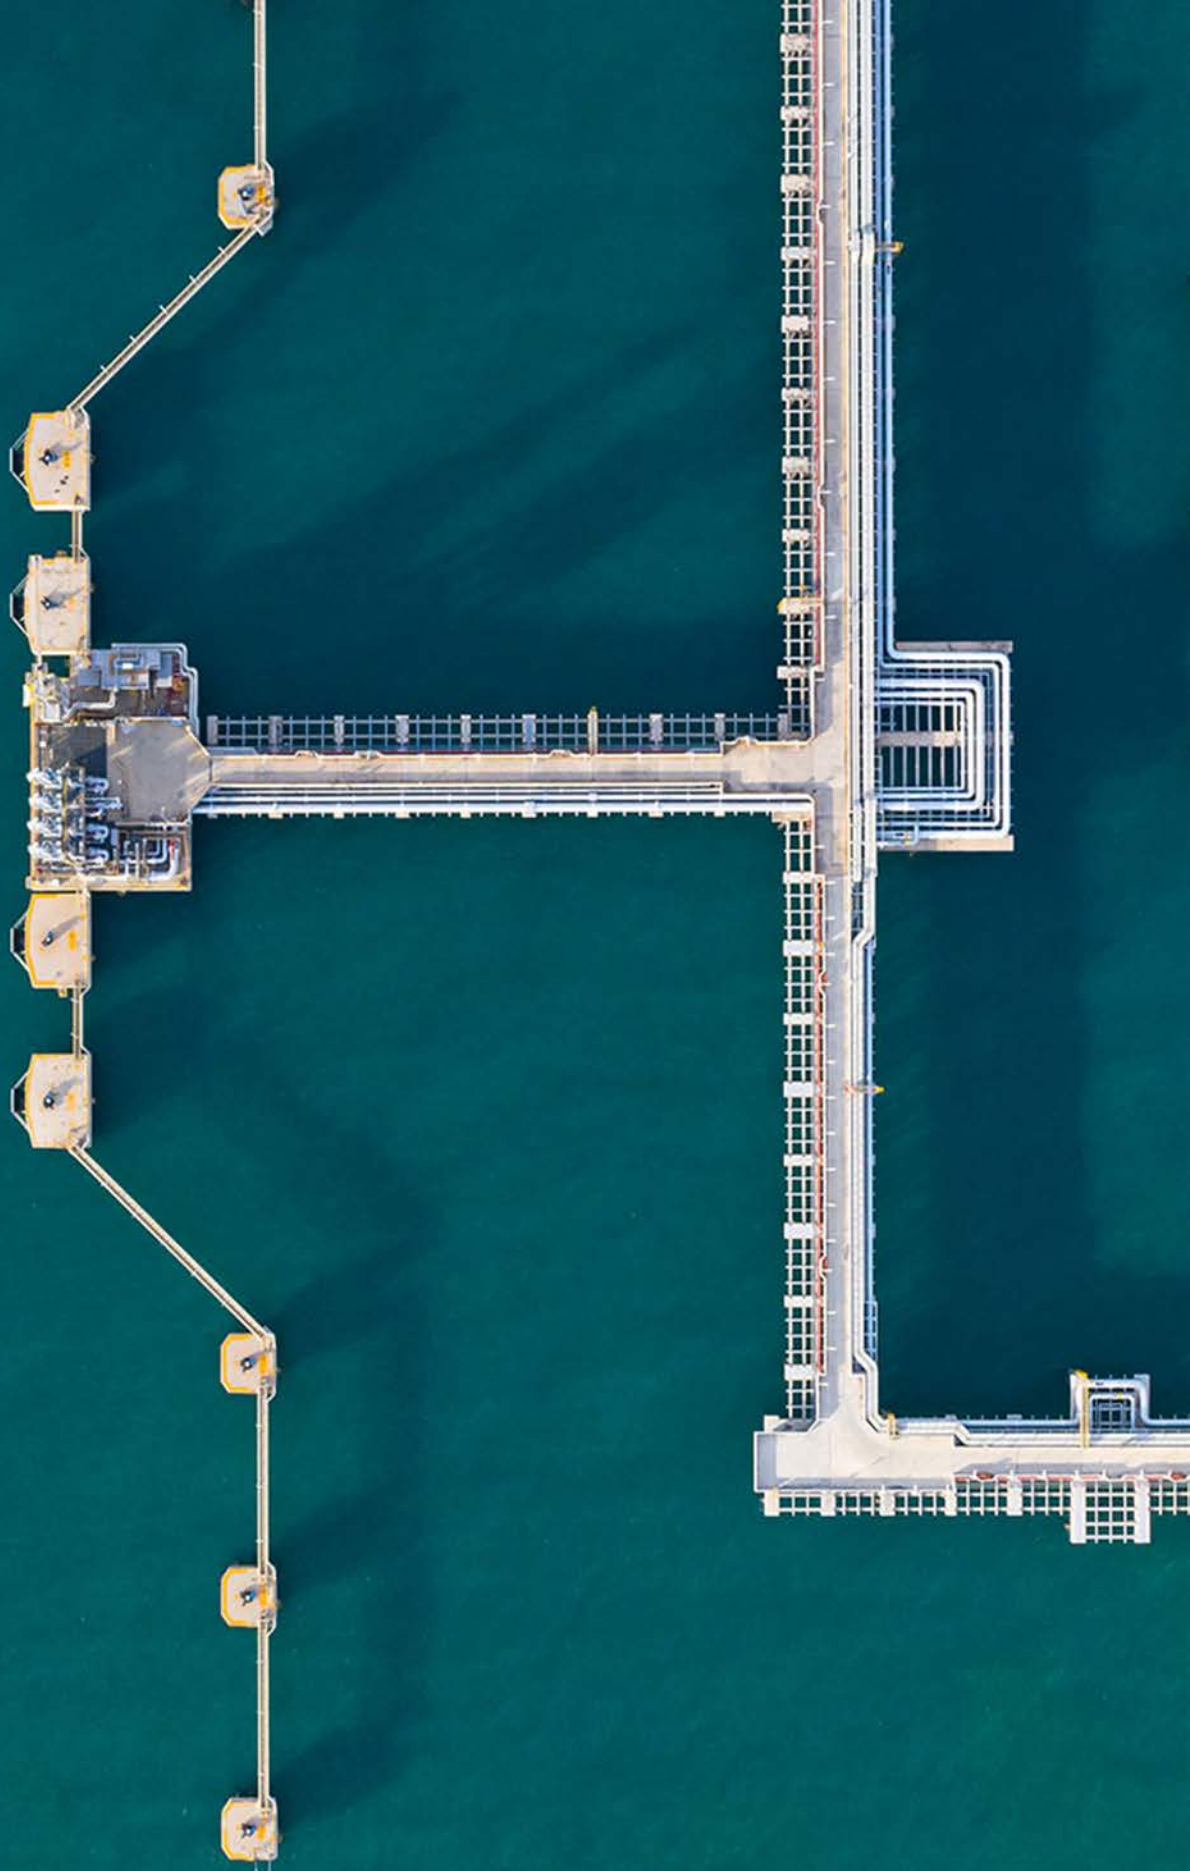

Subsea Manifold  
(Fast Track)

High Pressure  
Drilling Units
