Invest in branding, increase your brand's value.

The perception of your brand will determine the behaviour of your customers, which in turn determines the way that your brand performs financially.

The time and money that you invest into your brand and branding strategy will build brand equity – a powerful entity. This will boost the value of the business meaning that if and when the time comes to sell – the brand itself is a valuable asset.

Creativity and technology, together.

Stressman Engineering is the first engineering firm investing and developing an internal full-time dedicated team of creative thinkers and makers with specialized field engineers to obtain the most of both worlds.

ENGINEERING TRAINER. Online Training Institute

Company Overview 2022

ENGINEERING TRAINER. Training a New Generation of Engineers

- Career Paths
- Expert Partners
- Production Expertise
- Innovative Formats
- Wide Ranging Curriculum

ENGINEERING TRAINER. Growing Database of Engineering Courses

- 124 Modules: Designed to help solve the challenges at hand
- 5 Disciplines: Piping, Mechanical, Process, Structural, Wind
- 3,700 Engineers: Subscribed from all over the world

Course	Duration	Format
Finite Element Analysis (FEA) Essentials	24 Hrs	Self-paced
Introduction to Pipe Stress: Fundamentals I & II	15 Hrs	Self-paced
Designing according to the EN13445 code	8 Hrs	Hybrid

ENGINEERING TRAINER. December Discount 10% Off

* From December 1st up until 31st

QUALITY MANAGEMENT SYSTEM

Committed to maintaining a quality management system that provides:

- Continuous analysis for quality and process improvements
- Emphasizing Defect Prevention
- Compliance To Customer Requirements
- Promoting employee awareness
- Achieving customer satisfaction

Process monitoring and measurement:

- Internal and external audits
- Review Management
- Customer surveys
- Corrective/Preventive Action Program
